

**Wipak<sup>®</sup> MP**

For Extra Protection

# Wipak® MP

## For Extra Protection

Wipak® MultiPet is semi rigid formable bottom film for devices requiring extra protection. Can be used to replace PVC films.

### Technical Details

- APET/PE possible also with peel layer
- 250-600 microns

### Benefits

- Easy to process with excellent formability
- Remarkable strength and puncture resistance

### Applications

- High quality medical devices requiring extra protection, especially with operation kits
- Suitable with coated papers, coated Tyvek® and polymeric top webs
- For EO and irradiation sterilization
